Add user

12345

✓ Success

You successfully created the users shown below. You can view and download user security credentials. You can also email users instructions for signing in to the AWS Management Console. This is the last time these credentials will be available to download. However, you can create new credentials at any time.

1. Take notes of this

Users with AWS Management Console access can sign-in at: <https://927601418139.signin.aws.amazon.com/console>

Download .csv

	User	Access key ID	Secret access key
▶	✓ sensor-gateway	AKIA5P6K2L6NQTGDDJGM	***** Show

2. This is the Access key ID that you are going to set inside .env as AWS_ACCESS_KEY_ID

3. click Show to show the Secret access key. Store it somewhere safe. It is to be set inside .env as AWS_SECRET_ACCESS_KEY

4. Close
